Hi XX,

I am happy to be sharing Naturopathica's new body oil: Vitamin C & Neroli Dry Body Oil! Now available as of July 2023, the body oil is a summer must have to help keep skin hydrated while leaving a hint of natural shine. The lightweight formula, best used post shower, absorbs instantly into the skin and the Vitamin C, Neroli Oil, and Babassu Oil helps keep skin protected and natural oils balanced. Not only does this product keep the skin happy and hydrated, it also can help you relax as rubbing it in your hands and placing them over the nose and mouth can unlock its aroma and taking deep breaths allows the benefits of relaxation and aromatherapy.
